LINCOLN PARK CIVIC COMMONS OPERATIONAL CHANGE
INFORMATION – 2010 FRAZEE PAVILION CONCERT SEASON

The City of Kettering's Frazee Pavilion in conjunction with the properties bordering Lincoln Park Civic Commons announce operational changes for the 2010 summer concert season. Together, our primary focus is to ensure the safety of Frazee Pavilion concertgoers, the safety of Lincoln Park Civic Commons residents and to protect the property and tenants of the adjacent housing and office complexes.

In order to enhance public safety, these operational changes will take place for the 2010 Frazee Pavilion concert season:

- Complete closure of Lincoln Park Boulevard in both directions from Commons Way to Isaac Prugh Way for all events, except for handicap parking. Handicap parking will be more available and accessible with state-issued handicap placard and tickets for evening performance (where applicable).
- On event nights, Isaac Prugh Way will be a one-way street (southbound only) between the Lincoln Park Boulevards.
- **As in the past, listening areas for 2010 concerts include:** the immediate area to the west of the upper fountain in Lincoln Park (closest to Commons Way) and the park area to the immediate east of the parking lot off Isaac Prugh Way (closest to Ackerman Blvd). Please remember, alcohol is not permitted in any City of Kettering park.

- **Sidewalks** bordering One Lincoln Park, Lincoln Park Manor and the 500/540/580 buildings will **remain open** for pedestrian traffic on event nights, allowing easier access for walkers, joggers, etc; however the grassy areas closest to the street and on the property's of One Lincoln Park, Lincoln Park Manor and the 500/540/580 buildings will no longer be available for congregation and/or sitting and listening on event nights.

Since 1992, Frazee Pavilion has offered quality, affordable musical entertainment for audiences of all ages. The Frazee Pavilion maintains a commitment to the community by providing a wide number of events geared toward local enjoyment such as free concerts, free festivals and low cost concert series. Frazee Pavilion is a nationally recognized venue with a reputation for providing an outstanding concert experience to both the artist and our guests in a safe, unique neighborhood environment. These operational changes will assure the continued safety and security of persons and property within Lincoln Park Civic Commons.

For additional information, contact Karen Durham, Frazee Pavilion General Manager, 937.296.3300 or the City of Kettering's Parks, Recreation and Cultural Arts Department at 937.296.2454. Information can also be found at www.fraze.com.
