

**Storage Shed Permit Information**  
 (Permits are valid for 6 months)

Types of Sheds Permitted:  
 Wood and Metal

**All storage sheds are required to be anchored to the ground in at least 2 points. Acceptable types of anchors include:**

**What You Need to Know About a Shed:**

- It must be located in the rear yard.
- It can be no closer than 3 feet to the side or rear property line.
- Location within an easement should be avoided if possible. Check with the Planning and Development Department to see if you have easements on your lot.
- It can be no closer than 6 feet to any other structure on the property, such as a garage or house.
- It must be under 15 feet tall.

**What You Need to Submit With Your Permit Application:**

- A payment of \$35.00. We accept cash, checks, money orders, MasterCard, or Visa (with card number and expiration date) in the amount of \$35.00
- Two copies of your plot plan (Planning and Development can provide copies).
- If the shed exceeds 200 square feet in size it is considered structural and you will need to submit a structural permit rather than a zoning permit.

When shed construction is complete, please call 296-2441 to schedule a final inspection
